2022 FIA Annual Report

"Legacy of Serving Seniors."

Our volunteers help older adults remain independent and in their home by giving rides to and from medical appointments. They also assist them with their grocery or other shopping-related tasks once or twice a month. Some older adults need someone to talk to or spend time with. Faith in Action volunteers are matched with Care Receivers to engage them. Many special long-term friendships blossom from this program. Volunteers also help run the office. Many hands make light work! We appreciate you.
